

SAVIO**SOARES**SELECTIONS

"Expressive Wines From Small Growers"

I am proud to present this auspicious selection of growers who devote their hearts to the passion of farming grapes and making wines as natural as possible. They are special people to me and I choose to work with them, not only because they produce good wine but, because I respect and admire their labors. Through constant dedication, care and love, these growers prove their understanding of the land, harvesting the best fruit possible, without chemicals or pesticides. They practice biodynamic, organic and sustainable agriculture, restoring damaged soils to natural health and setting examples for other growers. Whether they are certified or not, is not my main concern. It is my pleasure to be part of their process, their history. I have found that I can detect an uplifting energy in each of these wines, and I hope you do too.
